

MaxiSys_Maserati_V2.01 Function List (Note:For reference only)

NOTES:

- This function is supported. ※ This function may be supported, which depends on the actual condition of the vehicle.
 - This function is not supported. ▲ This function is the new feature in this version.
- As for special function please refer to the special function table.

Specil_Function

Index	Specil Function Name	Index	Specil Function Name
0047	Service information reset	0124	Braking static deactivation
0103	Calibration of height sensor	0125	Braking static activation
0104	Level motor reference	0126	Run to mounting position
0105	Lamps Actuation	0127	OEM factory calibration
0106	Output short test	0128	Longitudinal and lateral sensor calibration
0107	Activate actor test signal	0129	Cooldown test (\$D002)
0108	Test signal	0130	Actuator calibration
0109	Plant/service mode parameters	0131	Date of start of warranty
0110	Door system calibration	0132	IPC self test
0111	Reseting throttle adaption values	0133	Write service information
0112	Erase env RAM	0134	Seat/steering column /and pedal adjustment
0113	IMA/IVA code of injector cylinder 1(6 cylinder Application)	0135	ECU self-test
0114	IMA/IVA code of injector cylinder 2(6 cylinder Application)	0136	Standardization routine
0115	IMA/IVA code of injector cylinder 3(6 cylinder Application)	0137	Satellite sensor general information
0116	IMA/IVA code of injector cylinder 4(6 cylinder Application)	0138	Test for immobilizer
0117	IMA/IVA code of injector cylinder 5(6 cylinder Application)	0139	Located learned keys
0118	IMA/IVA code of injector cylinder 6(6 cylinder Application)	0140	Reset adaption values
0119	Cruise control	0141	Tire pressure sensor 1ID (left front)
0120	Air conditioning	0142	Tire pressure sensor 2ID (right front)
0121	Shutoff electic fuel pump Vehicle production	0143	Tire pressure sensor 3ID (right rear)
0122	Duty cycle rail pressure regulator valve(DRV)	0144	Tire pressure sensor 4ID (left rear)
0123	Exhaust gas recirculation (EGR) offset reset and activation of the learning
